

Project Coordinator

(Advanced Bionics)

Location: Queenswood, Pretoria

Closing Date: 31 July 2026

Job Overview

Are you an organised, proactive Audiology professional with excellent project coordination skills and a passion for delivering exceptional stakeholder experiences? We are looking for a Project Coordinator (Advanced Bionics) to support the successful planning, coordination and execution of strategic business initiatives across South Africa. This is an exciting opportunity for someone who thrives in a fast-paced environment, enjoys managing multiple priorities and is passionate about building strong relationships with a diverse range of stakeholders.

Minimum Requirements

- Relevant degree in Audiology and active registration with the HPCSA
- Valid driver's licence and own vehicle
- Clear criminal record
- Excellent organisational and project coordination skills
- Professionalism and a customer-focused mindset
- ±2 years of relevant experience and completion of cochlear implant courses will count in your favour.

Duties & Responsibilities

- National and international travel will be required as part of this role
- Responsible for coordinating and supporting projects, programmes, events and strategic business initiatives that contribute to the growth and success of Advanced Bionics in South Africa
- The role serves as a central coordination point between internal teams, healthcare professionals, business partners, customers and other stakeholders, ensuring that all activities are executed efficiently, professionally and in alignment with company objectives
- The position supports the planning, implementation, execution, administration and monitoring of projects and initiatives across the following areas:
 - Marketing and brand awareness initiatives
 - Sales support and business development activities
 - Education and training programmes
 - Customer engagement initiatives
 - Stakeholder relationship management
 - Conferences, events and workshops; and
 - General operational and project-related activities.

*** If you have not been contacted within 2 weeks of submitting your CV, please consider your application unsuccessful
